ABOUT ME

Motivated and detail-oriented IT Developer with hands-on experience in **Java, Python, SQL, and Web Development**. Skilled in building full-stack applications, solving real-world problems, and collaborating in team environments. Passionate about continuous learning and creating impactful software solutions. Currently seeking opportunities to apply and expand my technical skills in a dynamic and growth-oriented environment.

EDUCATION

SMI University Karachi

Information Technology

- Completed BS in IT with coursework in Programming (Java, Python, JavaScript), Database Systems (MySQL, SQLite), Web Development, and Data Structures & Algorithms.
- Gained strong knowledge in Object-Oriented Programming (OOP), Software Engineering, and Computer Networks.
- Developed academic projects including Student Management System, Online Voting System, and ERP with POS integration.
- Hands-on experience in building real-world applications using Java, MySQL, and Python.

WORK EXPERIENCE

Minibig Tech, Karachi | Nov 2024 - Present

Web Developer

Developed and maintained responsive websites using HTML, CSS, JavaScript, and Bootstrap, while building dynamic web applications with Java Spring Boot and MySQL/SQLite integration. Ensured cross-browser compatibility, optimized performance, and enhanced user experience. Collaborated effectively with teams using Git/GitHub for version control.

DevelopersHub Corporation | Jan 2024 - Aug 2024

Software Developer

Built scalable software applications using Java, Python, and SQL with a focus on efficiency and reliability. Applied OOP and DSA concepts to solve complex problems. Collaborated in Agile teams using Git/GitHub for version control.
